this work evolved out of a love for my ancestors one being john whitelaw the covenanter monkland martyr who was executed for his religious beliefs in edinburgh 1683 while searching for his records i came across reference to thousands of other scottish covenanters this index lists those covenanters found in some books written about the period between 1630 and 1712 there are many many more covenanters whose names need to be added to this work and god willing i will do it the covenanters were steadfast in their presbyterian beliefs and refused to take an oath unto the king stating that he was the head of the church they believed that christ was the head of the church and their loyalty to this belief allowed them to lay their lives down for it the royalists and dragoons who were seeking to bring them into obedience to the king relentlessly chased the covenanters from glen to glen this disregard for their civil rights was brutally carried out basically in the lowlands of scotland many of their records were destroyed along with their lives and their stories only live in family

lore and books that were written about them i have extracted some of their names and created the scottish covenanter genealogical index which is by no means complete but is a work in progress

coauthor of the famous scottish national covenant moderator of the glasgow general assembly that defied king charles i and member of the westminster assembly alexander henderson 1583 1646 led scotland during the tumultuous period of the british revolutions he influenced scotland as a covenanter preacher presbyterian and pamphleteer and earned an important place in the nation s history despite his numerous accomplishments no modern biography of henderson exists in riots revolutions and the scottish covenanters l charles jackson corrects this omission he avoids the extremes of casting henderson as a forerunner to liberty or as a theological tyrant and instead places his actions in their historical setting presenting this important leader as he saw himself primarily a minister of the gospel who was struggling to live faithfully as he understood it using neglected and in some cases new sources jackson reassesses the role of religion in early modern scotland as reflected in the life of alexander henderson table of contents 1 the preparation 2 the covenanter 3 the preacher 4 the presbyterian 5 the pamphleteer 6 the collapse of the cause

the new scots the men of the army the scottish covenanters sent to ireland were the most formidable opponents of the irish confederates for several crucial years in the 1640s preventing them conquering all ireland and destroying the protestant plantation in ulster the greatest challenge to the power of the covenanters in scotland at a time when they seemed invincible came from a largely irish army sent to scotland by the confederates and commanded by the royalist marquis of montrose thus the relations of scotland and ireland are clearly of great importance in understanding the complex war of the three kingdoms and the interactions of the civil wars and revolutions of england scotland and ireland in the mid seventeenth century but though historians have studied anglo scottish and anglo irish relations extensively scottish irish relations have been largely neglected scottish covenanters and irish confederates attempts to fill this gap and in doing so provides the first comprehensive study of the scottish army in ireland

the history of the issue which caused a rift between churchmen and statesmen in scotland in the 17th century

during the thirty years war among the central powers of europe between 1618 and 1648 the scots on the fringe of europe were also trying to settle their religious

differences this attempt boiled over into a general civil war in Britain and Ireland between 1638 and 1649 with local episodes continuing well into the 1680s and 90s
