this unique and penetrating book surveys 100 years of military inefficiency from the crimean war through the boer conflict to the disasterous campaigns of the first world war and the calamities of the second it examines the social psychology of military organizations provides case studies of individual commanders and identifies an alarming pattern in the causes of military disaster absorbing and original this is the definitive history of military failures

a military intelligence expert makes a persuasive case for leadership reform with in depth analysis of operations and how they went wrong the history of american military operations in the post vietnam era has been marked by failure and near disaster since 1970 american forces have been committed in five operations in sontay to rescue prisoners in cambodia on behalf of the crew of the ss mayaguez in iran to rescue the american hostages in beirut and in grenada in each case they have failed gabriel tells how and why each of these operations was crippled by faulty intelligence clumsy execution or poor planning by the joint chiefs of staff much of his information was still classified by the pentagon when it was revealed in this book for the first time

this book looks at when why and how managers become incompetent and what to do about it it does so with both science and humour by reviewing what we know about competences

about personality theory and about various salient psychiatric disorders

the use and abuse of military history is the theme of this book the author scrutinizes the army's first systematic attempt to use military history to educate its future leaders and traces the army's struggle from the end of the civil war to claim intellectual authority over the study of war

as engaging as it is astonishing this book provides extremely important revelations and striking pen portraits etched in acid of the main actors certainly the sources are fabulous john erickson author of the road to stalingrad a well written account filled with original material and documentation good reading for anyone interested in the history of wwii intelligence publishers weekly starred review

stephen taaffe takes a close look at this command cadre examining who was appointed to these positions why they were appointed and why so many of them ultimately failed to fulfill their responsibilities he demonstrates that ambitious officers such as gouverneur warren john reynolds and winfield scott hancock employed all the weapons at their disposal from personal connections to exaggerated accounts of prowess in combat to claw their way into these important posts once there however as taaffe reveals many of these officers failed to navigate the tricky and ever changing political currents that swirled around the army of the potomac as a result only three of them managed to retain their commands for more than a year and their machinations caused considerable turmoil in the army's high command structure book jacket

rejecting accepted theories for unexpected military disasters the authors brilliantly analyze disasters of great magnitude they assert that military misfortune turns not on individual or collective failure but is rooted in the nature of the complex interconnections between men systems and organizations

Yeah, reviewing a ebook **On The Psychology Of Military Incompetence** could go to your near connections listings. This is just one of the solutions for you to be successful.
