the old testament often abbreviated ot is the first division of the christian biblical canon which is based primarily upon the 24 books of the hebrew bible or tanakh a collection of ancient religious hebrew writings by the israelites to understand god s word more completely and effectively we must have our spiritual eyes opened this opening of spiritual eyes involves correctly understanding and discerning the different symbols and figures of speech that god has employed in the revelation of his word the bible is radically different from all other books in the world god has divinely preserved the bible for centuries and even though powerful leaders throughout the centuries have tried to destroy it it is still the number one bestseller no other book comes close to the number and variety of contributors to a single cohesive message like the bible

the bible is filled with mysteries along with the clear and obvious declarations in the scriptures there are also thousands of hidden and partially hidden symbolic meanings some original word meanings were lost in translation from the hebrew and greek as this book reveals many other powerful symbolic statements were also divinely interwoven into the text as with jesus parables only those with eyes to see and ears to hear could understand them yet all born again believers have these spiritual eyes and ears and they are able to see and hear things that the holy spirit has already revealed in the scriptures
