in this book some of the world s leading scholars come together to describe their thinking and research on the topic of the psychology of leadership most of the chapters were originally presented as papers at a research conference held in 2001 at the kellogg school of management of northwestern university the contributions span traditional social psychological areas as well as organizational theory examining leadership as a psychological process and as afforded by organizational constraints and opportunities the editors goal was not to focus the chapters on a single approach to the study and conceptualization of leadership but rather to display the diversity of issues that surround the topic leadership scholars have

identified a host of approaches to the study of leadership what are the personal characteristics of leaders what is the nature of the relation between leaders and followers why do we perceive some people to be better leaders than others what are the circumstances that evoke leadership qualities in people can leadership be taught and so on the contributions to this book examine these important questions and fall into three categories conceptions of leadership factors that influence the effectiveness of leadership and the consequences and effects of leadership on the leader all in all the chapters of this volume display part of a broad spectrum of novel and important approaches to the study of the psychology of leadership we hope that they are equally useful to those who are or would be leaders and to those who study the topic as recent events have served to remind us it is too important a topic to be ignored by psychologists

in today's knowledge driven business environment research and development teams face particular challenges as their purpose is to discover and or develop new concepts products or processes the pressure to perform is intense a year long study of 58 r d project teams set out to identify the factors that distinguish the successful teams from the under performers the resulting book argues that a substantial part of a team's success is not dependent on the type of work fundamental research vs product development the institutional environment corporate vs public or even provision of resources but leadership successful team leaders employ a transformational style that inspires and motivates team members to perform at their best they set clear goals and tasks they establish an environment of mutual trust and respect and they are skilled politicians who liaise with external stakeholders including customers senior managers service providers and regulators to gain essential support integrating insights from the fields of technology management social psychology and organizational behavior leon mann and his colleagues present recommendations to assist organizations and management in developing strong team leaders and building innovative teams

make every business day a masterpiece this fascinating book is a must read for every leader or individual that aspires to become one it eloquently offers tips examples and analogies that help the reader focus effort and attention in that noble attempt to become a better leader eric weber associate dean iese business school unlike explorations of leadership that too often provide more heat than light o malley and baker offer a refreshing and engaging lens that not only illuminates but inspires the reader mary c gentile creator and director of giving voice to values and senior research scholar babson college this is not another book on leadership its essence is that all great leaders show an intense artistry o malley and baker give

leadership criteria that weave business language with a strong dose of artistic principles a great read chuck royce chairman royce funds impressive o malley and baker have written a book that is at once entertaining intellectually engaging and practical a tough combination rarely achieved ed greenberg university of colorado coauthor of turbulence o malley and baker thoughtfully illustrate the intersections between leadership and art explaining the requisite attributes for leadership excellence such as focus intellectual challenge imagination and authenticity josh weston honorary chairman automatic data processing inc o malley and baker have written a wonderful book that illustrates the complexities and necessities of what should be understood as the ultimate qualities of leadership david finn chairman ruders finn inc about the book artists put their work on display for everyone to judge accepting a position of vulnerability for want of something important to say and in the service of contributing to the common good artists bring people closer together by providing a forum for shared experiences artists challenge excite comfort and motivate people and they don't learn their craft by reading about it in a book they practice push themselves and their means of expression and execute execute these are exactly the same things effective business leaders do day in and day out in every leader is an artist leadership experts o malley and baker employ the leadership as an art metaphor to its conceptual limits leadership is an art literally and leaders are artists they just happen to work in a different medium this groundbreaking look at leadership offers a completely new perspective on the age old question what separates the effective leader from the ineffective leader o malley and baker reveal 12 key characteristics shared by great artists and leaders including intention makes an express commitment to achieve certain exceptional ends authenticity expresses individuality and personal beliefs with honesty and transparency engagement challenges the intellectual capacities of employees and tests their abilities to develop creative solutions to problems imagination makes surprising and unconventional departures from the ordinary that create a new sense of awareness or understanding form diligently combines various communications structures and policies into a unified coherent whole collectively these attributes make great leadership possible or in their absence difficult write the authors their presence does not assure leadership excellence but it does set the range of potential providing the tools and techniques for developing these qualities the authors provide vignettes that draw parallels between the personal qualities of famous artists and effective leaders every leader is an artist will make you see your own leadership characteristics with newfound clarity and help you build upon them to be the best leader you can be after reading this book you will never think about leadership and your responsibilities as a leader in quite the same way again

in twelve essays influential scholars in political science explore the meaning of political leadership from the kaleidoscopic perspectives of the leaders institutions goals procedures problems and traditions involved the approaches as varied as the subject itself coalesce around the central question of how leaders interact with transform or are controlled by the organizations they lead
