welcome to the skilled trade field if you re interested in a career in trade you ve come to the right book so what exactly do these people do on the job day in and day out what kind of skills and educational background do you need to succeed in these fields how much can you expect to make and what are the pros and cons of these various fields is this even the right career path for you how do you avoid burnout and deal with stress this book can help you answer these questions and more this book which includes interviews with professionals in the field covers five main areas of this field that have proven to be stable lucrative and growing professions electricianhvac technicianplumberconstruction laborer craftsperson and managerautomotive service technician mechanic

many things define a job seeker experience education first impressions connections passion and the value you might bring to the company you wish to work for for decades the perceived ideal candidate would have all of the above most of the above however a good candidate would have a four year college degree to a great extent an employer still would like someone with a four year college degree however i believe this is changing the need for those who work with their hands and those who are willing to work their way up through the various levels of an organization is becoming more and more desired by companies the time it will take you to earn your degree you could be making a nice living and will have accrued zero debt in the process plus after working in an industry of your choice something you do have

an interest in even a passion for you may be on equal footing with a newly hired college grad based on the four years you have been working in your industry of choice as you continue to work your way up through the company you will find the more value you bring to a company the more they will look to you to assume great responsibility typically the more responsibility the greater the paycheck what makes this book timely is the fact as covid 19 winds down we are seeing many labor shortages in many areas and industries now is the absolute best time to go to an industry experiencing a labor shortage or enter one of the numerous industries researched in this book and get yourself the job you always wanted without the cost and time involved with getting a four year college education i have nothing against getting a degree and there are still many fields where they will always be mandatory however the trades service industries government railroads law enforcement plus many others will welcome you with open arms without the need for a four year degree i hope this book helps
