any agenda for family research in the 1990s must take seriously a contextual approach to the study of family relationships the editors and contributors to this volume believe that the richness in family studies over the next decade will come from considering the diversity of family forms different ethnic groups and cultures different stages of family life as well as different historical cohorts their goal is to make more explicit how we think about families in order to study them and understand them to illustrate the need for diversity in family studies examples are presented from new and old families majority and minority families american and japanese families and intact and divorcing families this variety is intended to push the limits of current thinking not only for researchers but also for all who are struggling to live with and work with families in a time when family life is valued but fragmented and relatively unsupported by society's institutions students and researchers interested in family development from the viewpoint of any of the social sciences will find this book of value

a unique approach to the zuni pueblo's history applying the architectural method of space syntax linking the structure of zuni society to the structure of the architecture housing it drawing heavily on archeological findings the volume nonetheless disputes the traditional archeological theory of population change as a basis for the changes in zuni society but does not offer any clear theories of its own however ferguson adjunct curator of archeology arizona state u does create a vivid historical architectural analysis of the zuni culture society and social and architectural structure from 1540 to the 1980s includes numerous diagrams illustrations and photographs
