find success in nursing school getting the most from nursing school presents a roadmap to guide
talented men and women along their journey from considering nursing as a profession to their first
position as a registered nurse this exceptional resource provides the necessary guidance to ensure
that students get the most from their education and become excellent care providers policymakers
educators and researchers and achieve their goal of improving the health and well being of others
getting the most from nursing school is written by a doctorally prepared nurse researcher and
professor and can be distinguished by its evidence based information its anecdotes and its
empirically grounded recommendations from nurses who have decades of experience in both clinical
practice and as educators sample chapters include why become a nurse nursing school is tough
getting through the classes surviving and succeeding in clinical preparing for success on the nclex

originally published in 1987 reissued here with a new preface this book presented a history of the
queen s nursing institute on the occasion of the centenary of its founding in 1887 since that time the
institute had been the major force behind all developments in the field of district nursing monica
baly here traces the history of the institute concentrating not just on top personalities but on showing
what district nurses actually did and on relating developments to the social political and cultural

events and attitudes of the day breaking much new ground the book should be essential reading for all district nurses in particular and for other nurses and historians with an interest in the history of nursing still going strong today now the queen s institute of community nursing is a registered charity dedicated to improving the nursing care of people in the home and community

the work environment can be considered one of the main determining factors that can influence the mental health of workers especially as it regards the structural and organizational conditions to which the worker is subjected this work environment has positive effects when work provides satisfaction and well being or negative effects provoked by situations of stress inadequate working patterns and schedules possible situations of abuse and or harassment etc which may contribute to the appearance of alterations in the mental health of the worker
