well as for the more advanced history scholar

covering two hundred years this groundbreaking book brings together essays on borderlands by leading experts in the modern history of the americas europe africa asia and australia to offer the first historical study of borderlands with a global reach

despite the fact that the name of many characters mentioned in the old testament like david king of israel have been recently confirmed by archaeology as well as their epoch and the events in which they were involved most archaeologists continue to deny the historicity of the bible they view as pious fiction or a mythical account they argue that the major events in the bible such as the victory of abraham against chedorlaomer an unknown king of elam around 2000 bce the victory of moses against an unknown pharaoh around 1500 bce or the victory of esther an unknown persian queen against an unknown vizier of xerxes never existed because they left absolutely no evidence they also explain that according to what we know today these events could not have occurred these logical arguments are impressive but a precise chronological analysis based on absolute dates coupled with a rigorous historical investigation shows that all those major events really took place at the dates and places indicated

the greenwood dictionary of world history is an indispensable handy and easy to use a to z first stop ready reference resource providing essential information on over 2 000 of the most studied and important people events places and ideas in world history from prehistoric to modern times from all regions and epochs selection of entries which are truly global in their range was based on the guidelines and recommendations of organizations and agencies such as the national council for history education the national center for history in the schools the world history association the college board world history advanced placement test and many of the state standards for history education the content of the entries has been kept brief and concise to provide a definition or fundamental facts

this edition makes available an entirely new version of hegel s lectures on the development and scope of world history volume i presents hegel s surviving manuscripts of his introduction to the lectures and the full transcription of the first series of lectures 1822 23 these works treat the core of human history as the inexorable advance towards the establishment of a political state with just institutions a state that consists of individuals with a free and fully developed self consciousness hegel interweaves major themes of spirit and culture including social life political systems commerce art and architecture religion and philosophy with an historical account of peoples dates and events following spirit s quest for self realization the lectures presented here offer an imaginative voyage around the world from the paternalistic static realm of china to the cultural traditions of india the vast but flawed political organization of the persian empire to egypt and then the orient and the birth of freedom in the west to the

christian revelation of free political institutions emerging in the medieval and modern germanic world brown and hodgson s new translation is an essential resource for the english reader and provides a fascinating account of the world as it was conceived by one of history s most influential philosophers the editorial introduction surveys the history of the texts and provides an analytic summary of them and editorial footnotes introduce readers to hegel s many sources and allusions for the first time an edition is made available that permits critical scholarly study and translates to the needs of the general reader

so far histories of historiography have concentrated almost exclusively on the west this is the first book to offer a history of modern historiography from a global perspective tracing the transformation of historical writings over the past two and half centuries the book portrays the transformation of historical writings under the effect of professionalization which served as a model not only for western but also for much of non western historical studies at the same time it critically examines the reactions in post modern and post colonial thought to established conceptions of scientific historiography a main theme of the book is how historians in the non western world not only adopted or adapted western ideas but also explored different approaches rooted in their own cultures

reprint of the original first published in 1881 the antigonos publishing house specialises in the publication of reprints of historical books we make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

global in scope william mcneill s widely acclaimed one volume history emphasizes the four old world civilizations of the middle east india china and europe paying particular attention to their interaction across time as well as the impact on historical scholarship in light of the most recent archaeological discoveries the engaging and informative narrative touches on all aspects of civilization including geography communication and technological and artistic developments and provides extensive coverage of the modern era this new edition includes a thoroughly updated bibliographic essay and a new discussion of the most significant events in world history and civilization since 1976
