this is the first full length study of zeami motokiyo 1363 1443 generally recognized as the greatest playwright of japan s classical noh theater the book begins with a biography based on the known documents relating to zeami s life it then examines the documentary evidence for authorship and explains the various technical aspects of noh subsequent chapters explore the role of the old man in noh particularly in the play takasago as well as zeami s plays about women and warriors with primary attention to izutsu and tadanori the book concludes with a general discussion of zeami s style and the relationship between his dramatic theory and his plays

includes section reviews

the legacy of the late andré lacocque is brought to life in this book each chapter having been written by his beloved friends and former students his work has so inspired them that each of the contributor chapters moves lacocque s work forward in directions of which he surely would have joyfully approved his great love of jewish christian relations matters of social justice feminist biblical scholarship and interdisciplinary dialogue are carried forward in the enthusiasm and careful work presented here these offerings in his memory are sure to serve as a jumping off point for further scholarship in each of these areas of interest and blossom in the years ahead

the book of memory is a magisterial and beautifully illustrated account of the workings and function of memory in medieval society memory was the psychological faculty valued above all others in the period stretching from late antiquity through the renaissance the prominence given to memory has profound implications for the contemporary understanding of all creative activity and the social role of literature and art drawing on a range of fascinating examples from dante chaucer and aquinas to the symbolism of illuminated manuscripts this unusually wide ranging book offers new insights into the medieval world

translation and literature in east asia between visibility and invisibility explores the issues involved in translation between chinese japanese and korean as well as from these languages into european languages with an eye to comparing the cultures of translation within east asia and tracking some of their complex interrelationships this book reasserts the need for a paradigm shift in translation theory that looks beyond european languages and furthers existing work in this field by encompassing a wider range of literature and scholarship in east asia translation and literature in east asia brings together material dedicated to the theory and practice of translation between and from east asian languages for the first time

in this wide ranging discussion of kabbalah from the mystical trends of medieval judaism to modern hasidism one of the world s foremost scholars considers different visions of the nature of the sacred text and of the methods to interpret it moshe idel takes as a starting point the fact that the postbiblical jewish world lost its geographical center with the destruction of the temple and so was left with a textual center the holy book idel argues that a text oriented religion produced language centered forms of mysticism against this background the author demonstrates how various jewish mystics amplified the content of the scriptures so as to include everything the world or god for example thus the text becomes a major realm for contemplation and the interpretation of the text frequently becomes an encounter with the deepest realms of reality idel delineates the particular hermeneutics belonging to jewish mysticism investigates the progressive filling of the text with secrets and hidden levels of meaning and considers in detail the various interpretive strategies needed to decodify the arcane
