in late 2008 the world's financial system was teetering on the brink of systemic collapse

while the impacts of the global financial crisis would be felt immediately at every level of the economy it would also send years long aftershocks through investment banking and regulatory circles worldwide more than a decade after the worst year of the global financial crisis what has been learned from its harsh lessons are governments and regulators more prepared for another financial system failure that would significantly affect the real economy what may be the potential triggers for such a collapse to occur in the future systemic risk in the financial sector ten years after the great crash draws on some of the world's leading experts on financial stability and regulation to examine and critique the progress made since 2008 in addressing systemic risk the book covers topics such as central banks and macroprudential policies fintech regulators perspectives from the united states and the european union the logistical and incentive challenges that impede standardization and collection clearing houses and systemic risk optimal resolution and bail in tools and bank leverage welfare and regulation drawing on experts across disciplines including howell jackson john geanakoplos charles goodhart anat admati roberta romano and martin hellwig systemic risk in the financial sector is the definitive guide to understanding the global financial crisis the safeguards being put into place to try to avoid similar crises in the future and the limitations of those safeguards

this book a product of the financial integrity hub fih explores the societal costs of combating financial crime and the balance between security imperatives individual rights and the integrity of global financial systems it examines the ethical dilemmas and practical challenges faced by policymakers practitioners and the public as they navigate the evolving landscape of anti money laundering and counter terrorism financing aml ctf regimes while designed to safeguard societies and economies measures from these regimes can erode privacy stifle legitimate activity and exacerbate inequalities through analysis and real case studies this book scrutinises the ethical and legal dilemmas arising from expanded surveillance showing how the pursuit of security can undermine civil liberties and invite abuse it assesses the

impact of regulatory frameworks on non profit organisations vulnerable populations and businesses drawing attention to the unintended consequences of well intentioned policies it also examines the expanding role of technology in surveillance raising critical questions about the future of privacy in an increasingly interconnected world the book highlights the intersection of financial crime and environmental exploitation demonstrating the far reaching effects of illicit activity through a global lens it evaluates regulatory approaches including unexplained wealth orders risk based assessments and emerging tools like central bank digital currencies it exposes gaps in current frameworks questioning whether they adequately address evolving threats of terrorist financing and complex financial crimes by engaging with these challenges the book calls for a more nuanced approach to financial crime control one that protects society without undermining its core values essential reading for legal professionals policymakers academics law enforcement agencies financial institutions and anyone concerned with the global fight against financial crime this book provides critical insights into its ethical and legal dimensions it encourages reflection on unintended consequences and advocates for a fair responsible and balanced approach to safeguarding financial integrity chapter surveilling the citizen constitutional tensions within the canadian aml regime is available open access under a creative commons attribution 4 0 international license via link [springer.com](https://www.springer.com)

the book addresses the current challenges faced by financial consumers in the context of enormous technological developments this edited collection covers safeguarding financial consumers encompassing topics such as financial inclusion data protection and consumer over indebtedness addressing specific issues related to vulnerable consumer groups and the increasing digitisation of financial services it grapples with the emerging challenge demanding that consumers possess technological literacy the book offers a distinct new perspective going beyond the traditional understanding of financial inclusion which typically only considers the possession of a bank account instead it explores new dimensions

including the obstacles consumers face in obtaining credit establishing a credit history and coping with issues such as being blacklisted the book explores diverse strategies for enhancing financial inclusion such as leveraging data and open banking it also scrutinises the pursuit of credit fairness and examines methods to either mitigate or effectively address over indebtedness a persistent and formidable challenge for financial consumers the book will be of interest to researchers practitioners and governmental organisations in the field of finance law and the law of emerging technologies chapter 2 of this book is freely available as a downloadable open access pdf at taylorfrancis com under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 international license

a critical examination of the harper government at the mid point of the electoral cycle set in the context of its long term plans beyond the next federal election

this title was first published in 2000 an outstanding volume which examines the professional economic merits practical feasibility and underlying politics of the hotly contested competing initiatives for strengthening the international financial system challenging much of the conventional wisdom it offers a comprehensive account of the traditional enduring financial issues facing the g7 and the fundamental architectural elements of the new systemic design this authoritative text contains a rich and balanced array of contributions from distinguished experts from all g7 countries and from emerging markets outside essential reading for academics in the areas of economics and management to political scientists specializing in international political economy and to officials in the government and the private sector

the covid 19 pandemic revealed that governments can quickly respond to a fiscal crisis without becoming mired in unproductive wrangling but the pandemic has also revealed the limits of traditional policy instruments in stabilizing the economy controlling inflation and fostering economic growth fiscal choices sheds light on the economic dimensions of covid 19 and examines the state of canada s fiscal policy and fiscal health following the pandemic the

book covers a cluster of key fiscal policy topics the overall capacity of government the growth of inequalities the management of sovereign debt and the troubled institutions of federalism and parliamentary government the book draws upon candid in depth interviews with over 70 former and current politicians public servants and academic experts who aim to establish a sustainable future within an accountable political system the book argues that although those who are entrusted with the instruments of power are intelligent and well meaning they are reluctant to take risks or abandon well known if poorly performing formulas it concludes with a set of predictions and prescriptions rooted in a realistic interpretation of canada s political economy ultimately fiscal choices presents a sober assessment of federalism and parliamentary government as instruments of democratic accountability

a market research guide to the banking mortgages credit industry it is a tool for strategic planning competitive intelligence employment searches or financial research it contains trends statistical tables and an industry glossary it also includes profiles of banking mortgages credit industry firms companies and organizations

intergovernmental transfers in federations presents a synthesis of international experience of large federations in the most recent times in addressing the most fundamental issue of horizontal and vertical imbalances in their countries through the prism of intergovernmental transfers contributors delve into the various aspects of policy making as well as policy choices in selecting an efficiency path for a meaningful fiscal devolution aimed at integrating performance and incentives to reach an expenditure mix that facilitates better service delivery

report of the dominion fishery commission on the fisheries of the province of ontario 1893 issued as vol 26 no 7 supplement
