the book shares the challenges of going to church and not identifying with others in the church being an outcast the book identifies the pews as a spiritual force that impacts the decision of the believer based on passed down traditional denomination and groups thus the believer has a challenge understanding the spiritual force of god the author shares some of his experiences with church life in hopes that church believers will become transparent and reach out a hand of friendship to people they see every week in the pews because they seek a spiritual force not a physical enmity

in this upbeat book robbie castleman shows parents how to guide their children from toddlers to teenagers to participate as fully as possible in the worship of the church foreword by ruth bell graham

this book is a comprehensive study of the history of pew renting in the church of england from the first known rented sittings in the fifteenth century to the system s collapse in the twentieth the book s significance is partly its originality no book and very few articles or portions of books have appeared solely on pew renting since the nineteenth century and even those of that time were not histories they were polemical works that generally attacked pew renting on religious grounds this work encompasses the distinction between formal letting of seats which involved the methodical letting of sittings by church authorities with set rents and informal pew letting in which congregants tipped pew openers and sidesmen for favourable seats for one service it also details the concomitant difficulties and hindrances encountered by churches and renters the means of setting the rents and collecting the proceeds the types of congregants who rented pews the controversy the practice provoked and the deception and bending and sometimes outright breaking of the applicable law

the vatican battle of bishops a view from the pew there are two problems with the catholic church the hierarchy thinks they own the church and the pew catholic is too comfy in his cushioned pew the catholic laity have been enablers of the hierarchy the basic and formal difference is that the hierarchy sees they own the holy spirit in general the lay folks have had their voices ignored the bishops of vatican ii have decreed and pope francis has issued a formal invitation to the pews to present their thoughts invited to speak the pew catholics voice their inspirations the hierarchy most disdain the faithful s inspirations that suggests a vatican battle bishops defending the status quo versus bishops defending the pews three factors explain why the church hierarchy does not listen to the holy spirit from the pews the hierarchy is not open to becoming they view the status quo as sacred second the hierarchy is truly convinced they constitute the church the oils of holy orders mark the anointed with the special gifts needed to guide god s society finally the hierarchy has traditionally been a caste of privilege the roman emperor constantine gave the clerics official roman rank which in turn offered a paycheck the clergy were no longer required to work for a living alongside the regular believers they lost touch with all the other believers in their minds the ordained are above listening to the laity in the pews catholics have long been second class citizens they need question how did the hierarchy arrive at their status the roman emperor constantine saw the community minded christians as a unifier for his empire and made all clergy officials of the state the clergy were the ones who had the time and leisure to make memorial meal arrangements that s when the clergy took on a culture of clericalism i e the clergy own the church and the holy spirit through ordination that was ancient rome now priests are abusing the innocence of the youth pope francis calls that church a bride caught in adultery in biblical terms the use of adultery is reserved for the jews when they went off to worship other gods idolatry pope francis asserts the hierarchy worshipped a false god they worshiped their ordained only church a sham church trying to keep the appearance of holy they were covering up the sin also legal crime of priests who abused children to fake holy what about the people of god when all of this was going on did they just sit there the answer is yes and no most pew catholics did nothing because most did not know what was really going on some heard but concluded it must be a lie from some disgruntled catholic trying to make trouble for one of the priests these laity were true enablers of the hierarchy to sin but the holy spirit managed to alert some of the catholics they followed up on what they had heard trust but verify when they learned of the abuse they warned their pastors and bishops about the problem priests their pastors and bishops went numb denied hid the abuse and some bishops had their law team actually dishonor the victims in courts of law again the holy spirit did not allow silence to cover the snub the hierarchy had dealt the spirit

s counsel an offended spirit counseled pope francis to call for a synodal process to allow the pew catholics voice because the pew catholics had listened to the holy spirit the paraclete now favored them with the spiritual opportunity of a synod thus the pew catholic had a chance to speak the agenda for the bishops is out the issues are clearly controversial women priests optional priest celibacy foundations of sexual morality divorced remarried catholics for the vatican battle of bishops
